BACKGROUND:

The Florida Lottery launches the JACKPOT TRIPLE PLAY with Combo™ Draw game. JACKPOT TRIPLE PLAY jackpots start at \$500,000 and can roll up to \$2 million if there isn't a jackpot winner. Once the JACKPOT TRIPLE PLAY jackpot reaches \$2 million and there is no jackpot winner, the jackpot prize pool rolls down and increases payouts on all lower-tier prizes. When Combo is selected, players can combine matches from all three sets of numbers for an additional chance to win. JACKPOT TRIPLE PLAY tickets cost \$1 per play, and Combo costs \$1 more per play.

April 10, 2020

The starting jackpot was lowered to \$250,000.

** Since inception through March 31, 2025.*
